

VACANCY LEAD CONSULTANT TECHNICAL TRAINING PROGRAMME

As the TTP lead consultant, you will develop the technical and vocational education and training cluster of ETC Foundation in co-operation with a team of three colleague TVET experts.

You will be responsible for the following tasks:

- Management of the Technical Training Program, a complex programme with a project portfolio of 20 to 30 projects in developing countries, and coaching of the TTP project coordinators.
- Content contributions to the implementation of the TTP program, as and when needed or requested:
 - development of curricula and training modules
 - advising the TTP project coordinators on entrepreneurial or institutional development of Southern organisations involved in technical training
 - direct execution of TTP projects
 - identification and formulation of new TTP projects
 - safeguarding the quantity and quality of the TTP project portfolio according the standard of ETC
- Analysing pro-actively the needs of and acquiring new opportunities for technical education projects
- Develop the strategy of the ETC TVET cluster for the coming three to five years, together with the TVET colleagues
- Develop existing institutional collaborations and establish new partnerships with Dutch TVET organisations
- Expanding international and Southern networks relevant for the ETC TVET strategy (programme orientation, acquisition)

QUALIFICATIONS

The following qualifications are required:

- Academic level or equivalent experience in/with technical/social sciences
- Experience with (inter)national policy developments in the area of Technical Vocational Education and Training (TVET)
- Affinity with technological development
- Didactic competency and demonstrable affinity with TVET knowledge transfer and training methods
- Longstanding and proven experience in acquisition processes in a non-profit environment
- At least 10 years experience with working in Southern countries
- Proven project, programme and team management experience, preferably in an educational environment
- Strong acquisition abilities (networking, project identification, proposal elaboration and tendering; consultancy background is a strong advantage)
- Sound orientation on team work with professionals (team-based decision-making, cooperation, coaching)
- Good writing and communicative skills
- Practical knowledge in ICT
- Fluency in English and working knowledge in French; acquaintance with Spanish, Portuguese or Bahasa Indonesia is an advantage
- Willingness to travel abroad on short missions, two to three months per year
- Willingness to fulfil the job at least for 0,8 work week

Starting date: as soon as possible

Contract for one year, with the intention of extension
