

Kopernik

Project name

Advocating for women's economic empowerment through energy access in Indonesia & beyond

Consortium partners

--

Country

Indonesia

Focus

Mainstreaming gender in Indonesia's SE4ALL Country Action Agenda, raising national awareness of WE through energy access, and securing global recognition for Indonesian initiatives in this area.

Objectives

- Gender considerations for sustainable energy access are reflected in Indonesia's published SE4ALL Country Action Agenda.
- Stakeholders in Indonesia's energy sector and other development sectors recognise women's economic empowerment through energy access as a key component of achieving SE4ALL goals.
- The impact of women's economic empowerment through energy access in Indonesia supports global SE4ALL gender advocacy.

Outcomes and results

Outcome 1	Close partnership with Indonesian CSOs focusing on gender and energy access, to create a unified CSO front as one of the pillars of SE4ALL
Results	<ul style="list-style-type: none">• Key partners actively advance gender and energy objectives and initiatives• Key stakeholders articulate gender considerations when discussing energy access and designing and implementing renewable energy programmes
